# LOG SIDING J BLOCK

Two sizes with pre-cut openings make installation of electrical outlets, light fixtures, dryer vents easier.

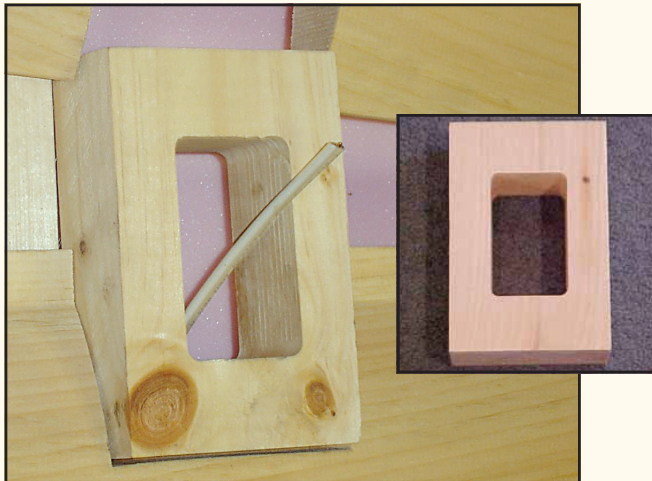

1 7/16 inch thick J block works well for 2 x 6 or 2 x 8 siding profiles.

2 1/4 inch thick J block is designed for use with our thicker profiles.

Available in kiln-dried white pine or air-dried western red cedar.

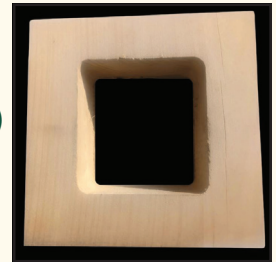

## Outlet J Block 4 3/4" x 7"

(2 1/2" x 3 7/8" Opening)
