

LOG AND TIMBER RAIL SECTIONS

1-800-657-4666

WHITE CEDAR SQUARE CUT LOG RAIL SECTIONS (Trimmable)

Cedar and pine will naturally develop cracks and checks which enhances its rustic appeal. Rail sections come pre-assembled as shown. They do not include support posts or fasteners. With posts, railing will have a finished height of approximately 36"-38". Spindles have a 4", or less, gap between them to meet code.

WHITE PINE SQUARE CUT TIMBER RAIL SECTIONS (Trimmable) Interior Use Only

WHITE CEDAR TENONED LOG RAIL SECTIONS (Installed length is 4" shorter)

Available Lengths: 2', 3', 4', 5', 6', 7', 8', 9', 10'
